	11:30am-12:45pm	Legislative Process (Wilson)	Cool Tech Tools 2.0 (Stephens)	Special Events: The Do's, The Don'ts, the Maybe's (Nunes)	Risk Management for Practitioners (Mangum)	Team Building for Better Service (Barnes)	Starting and Strengthening the Park Foundation in Your Community (Ortale)	Sorting Seasonals: How to Facilitate Group Interviews (Johns)	Creating a Strategy Focused Organization (Heller)	Health & Wellness Summit (Grybel)	Refining Recreational Accessibility: Including Adults in Recreation / Park RX Combined (Tetteh / Kari)	
	12:45pm-2:00pm	HOLD - Marketing Focus Group Meeting										
	LUNCH ON YOUR OWN											
	2:00pm-3:15pm	IGNITE: a) SCORP Update b) Teen Xperience c) ebikes	Your Personal Brand (Stephens)	Using Economic Impact Data to Demonstrate an Agency's Relevance (Nunes)	Lansing Police Response to Peaceful Protests (Sosebee)	Oooopsies... My Bad! (Barnes)	Detroit's Riverfront - Open Space for All People (Slaughter-DuPerry)	Control the Chaos (Hyer)	Campus-community partnerships for parks and recreation planning (Lucarelli)	Past President's Meeting (Alderman)	To the TREES... Accessible Treehouse: Dream to Reality (Ferguson)	OFFSITE TOUR 2:00pm-4:00pm Outdoor Adventure Center Belle Isle
	3:30pm-4:45pm	Recreation Plans - From the Basics to Joint Regional Plans (Bayus)	A Peacock in the land of Penguins? (LaFever)	Brand Refresh and Management - How Did We Do It? (Fulcher)	Improving Family Wellness Through Innovative Programming (Barkin)	Supporting Domestic and Sexual Violence Survivors (Straub)	Encouraging Collaboration & Community Building to Support a Thriving Farmer's Market (Woloszyk)	Where Have They All Gone? (Hyer)	Archery - Making an Impact (Farmer)	Are all truly welcome? Diversity Panel (Fournoy)	HOLD - Well Being for the Health Care Provider: Creating Balance in Your Work & Personal Life - Jackie McParlane	
	5:00pm-6:15pm	You Have a Recreation Grant - Now What? (Bayus)	Celebrate National Parks & Recreation Month: Social Media Challenge (Cooley)	Integrating the City Greenway (Charlton)	Communicating Success (Molinar)	Talk Saves Lives (Windom)	Harnessing Citizen Science (Bunch)	Parks & Rec for Everyone: Transgender Inclusion (Triplett)	HOLD - Archery Meeting	HOLD - State of Play	Cuyahoga County Eastside Greenway Plan	
	7:00pm-9:30pm	Award Winners VIP Reception (6:15-7:15pm) Reception / Awards Banquet 7:00pm Cash Bar / 7:30pm Dinner										
	Following Banquet	AFTER GLOW PARTY - Granite City										

FRIDAY (2/9/18)	8:00am-9:15am	All Conference Breakfast / Business Meeting / Awards / Panel (TBA)										
	9:30am-11:45am	What Are You Reflecting? Being a Mirror as a Leader (Ammar)	Poverty Simulation (CEDAM)					Parks, the Public Realm and Placemaking (Fred Kent)				

WEDNESDAY SESSIONS

Sessions listed in alphabetical order, refer to At-A-Glance chart for tentative times

99 Programmers

Wednesday, February 7, 2018

Take the time to showcase the innovative programming ideas in your community. In this fast-paced exercise, participants will share ideas, and walk away with some new recreation programming material. Come prepared with an idea and grab a seat before we fill the room.

Kelly Molinar

Assistant to the City Manager

City of Troy / Programming Chair

As-Needed Contracts; Making Them Work for You

Wednesday, February 7, 2018

Explore how as-needed contracts can help you secure a quality team of professionals to get your projects done in a timely manner. Hear from panel members of various park agencies on how they work with their purchasing departments to structure agreements.

Borrowing More Than Books...Amazing Local Library Programs!

Wednesday, February 7, 2018

Looking for some amazing new program & event ideas? We'll bet you didn't know that some local libraries are filled with Rock Star programmers...who just so happen to call themselves librarians. Why not celebrate "Save A Spider Day"?! Or compete in their Baby Jumping Contest?! Make a project during Pinterest LIVE! Play with a giant Spirograph, Break A World Record, or join them for a Hero Hangout. Their trendy and popular programs continue to make the Canton Public Library one of the most highly circulated libraries in the state! Meet a few special event planning as they share some of their greatest programming hits from the last few years! No library card needed!

Laura Fawcett

Program Librarian

Canton Public Library

Citizen Led Ballot Initiatives

Wednesday, February 7, 2018

Communities across Michigan need reliable, stable funding for their parks and trails. Channeling passionate volunteers to help pass local ballot initiatives can mean the difference between success and failure for local millages and bonds. In 2013, Grand Rapids passed its first ever parks millage. Learn how the city did it and what might work for your community.

Steve Faber

West Michigan Team Leader

Byrum & Fisk Communications

Creating Inclusive & Diverse Conservation Career Pathways

Wednesday, February 7, 2018

This session will explore national best practices about new badging and credentialing platforms for inspiring youth of color to pursue careers in conservation and related fields. In particular, the session will cover collaborations between the Detroit Employment Solutions Corporation and the Metro Detroit Nature Network to establish pathways for young Metro Detroiters.

Tracy Hall

Executive Director/Office of Metropolitan Impact

University of Michigan-Dearborn

Designing Splashpads for Inclusive Play

Wednesday, February 7, 2018

Does your municipality find itself stuck between budgetary restraints on one hand and, on the other, the need to adopt the latest park amenities that promote safe, inclusive and healthy play? You're not alone. Increasingly, park and recreation directors are turning to splashpads and other aquatic play structures because they deliver increased play value for persons of all abilities, and for the ease with which aquatic play designers can incorporate the principles of inclusivity into their designs. But what exactly is

inclusive play and why is it important to your community? Join an in depth exploration of inclusive play, and how parks can better achieve their inclusivity goals through purposeful splashpad design.

Cory Anderson

GM/Owner

VORTEX

Emotional Intelligence: The Key Factor to Career and Life Success

Wednesday, February 7, 2018

Why is everyone talking about emotional intelligence lately? Join an interactive discussion of emotional intelligence in our work and personal lives. We will explore 15 competencies that have been researched, measured, and scientifically correlated to personal and professional achievement. We will also look at the skills, talents, and challenges often attributed to healthy leaders. Participants will self-assess the 15 competencies and explore approaches, tools, resources, and best practices in leveraging strengths and developing areas for improvement. Attendees will leave the session with new knowledge, insights, awareness, and confidence in their ability to not only understand but develop emotional intelligence in themselves and others.

Jill Hauwiler

Owner and Principal Consultant

Leadership Refinery

Equity and the Detroit Parks and Recreation Improvement Plan

Wednesday, February 7, 2018

The 2017 City of Detroit Parks and Recreation Improvement Plan was guided by a mandate to equitably lift up an entire system of parks that had been underfunded for generations. This session will detail the prioritization strategy developed by the General Services and Parks and Recreation Departments, as well as a number of innovative new programs within the plan motivated by the challenges of vacancy. We will highlight our 40 Neighborhood Parks Initiative and its impact on local residents.

Brad Dick

Director, General Services Department

City of Detroit

Meagan Elliott

Urban Planner, General Services Department

City of Detroit

Maintaining Safe Play Environments

Wednesday, February 7, 2018

Nearly 200,000 injuries that require emergency room treatment occur annually on public playgrounds. These injuries can be prevented with proper playground design and standardized inspections and maintenance programs. This continuing education session will highlight the primary causes of playground injuries and discuss the responsibilities owners as well as manufacturers have for providing and maintaining safe playgrounds.

Managing Workplace Conflict

Wednesday, February 7, 2018

Let's be honest...the workplace isn't always easy to navigate. Despite our best intentions, we don't always want or need the same things as the people around us. Unfortunately, too often these differences can lead to conflicts that can become bigger than necessary. In this session we will explore five conflict-handling styles – competing, collaborating, compromising, avoiding, accommodating – and instruct individuals about appropriate uses for each conflict-handling style. This practical session teaches participants skills for managing conflict and improving their workplace relationships.

Jill Hauwiller
*Owner and Principal Consultant
Leadership Refinery*

Motivation to Move!

Wednesday, February 7, 2018

Increasing Physical Activity for Multigenerational Use

Bill Patterson
*Regional Sales Manager
Sinclair Recreation*

Parks, Recreation and Placemaking

Wednesday, February 7, 2018

The Michigan Municipal League has spent more than a decade working intensively with local and state partners to integrate placemaking into community activities. This session will highlight some of the ways the League and community leaders have built partnerships, pursued innovative funding, and invested in parks and recreation resources to create vibrant, economically thriving communities.

Shanna Draheim
*Policy Director
Michigan Municipal League*

Parks: Part of Your Community Infrastructure

Wednesday, February 7, 2018

Think beyond just the recreation benefit, park facilities can also serve a vital role in your community infrastructure. Sharpen your talking points on how parks assist with storm water management, transportation and other quality of life factors.

Doug Schultz
Landscape Architect
ROWE Professional Services
Coy Vaughn
Director

Present Day Challenges in Deer Management: CWD and Urban Deer

Wednesday, February 7, 2018

Deer management in Michigan is estimated to have a nearly \$2 billion dollar impact to the state. With such importance, there is no shortage of opinions on how deer should be managed. Two issues that often garner much discussion due to their high profile nature are chronic wasting disease (CWD) and the management of urban deer. Both topics can be controversial, and both can have potential impacts to humans. Discussion will revolve around the biology and management of both topics.

Chad Stewart
Deer, Elk, and Moose Management Specialist
Michigan Department of Natural Resources

Programming Focus Group Summit

Wednesday, February 7, 2018

Sit back and enjoy the show as we present the best of the best in the Annual Awards. Learn about the coolest and trendiest programs in the state. These winners have been selected by the Professional Recognition Board and given awards during the Opening Session. Come and learn how these communities were successful.

Kelly Molinar
Assistant to the City Manager
City of Troy

Public Engagement Isn't Public Enemy #1

Wednesday, February 7, 2018

Public feedback. Community engagement. Resident forums. These can be intimidating and a bit of a tough pill for municipalities to swallow. And, if done without a lot of planning or support from partners, they can also have lasting negative implications. But they're crucial. Listening to stakeholders is what propels communities forward. Join senior public relations strategist and City of Lansing Park Board chairperson Veronica Gracia-Wing as she explores ways to translate listening into positive outcomes.

Veronica Gracia-Wing

Senior Strategist

Piper & Gold Public Relations

Public Private Partnerships

Wednesday, February 7, 2018

How municipalities and partners work together to create and operate transformative spaces? This session will provide insights from two very different cities on the creation and momentum of great public spaces.

Yvette Bowden

Director, Parks & Recreation

City Parks Alliance & City of Boulder

Rebirth of a Playground

Wednesday, February 7, 2018

Grand Traverse County's nearly 20-year-old treated wood playground was closed in 2014 and removed in 2015 after the structure was declared unsafe, and arsenic in the soil was found underneath. This session recreates the journey GTC Parks and Recreation took with the community, the DEQ, the playground vendor, and the State -- from soil testing to demolition; from community input to the design phase; from on-line fundraising with Patronicity to construction of a new, unique 10,000-square-foot structure. There's no handbook for this experience, but perhaps what Grand Traverse County Parks and Recreation learned along the way can help others.

Simple Strategies for Effective Advocacy

Wednesday, February 7, 2018

Lets talk about what works, and what you should avoid.

This discussion will focus on strategies and opportunities to cultivate a mutually beneficial relationship with policy makers, that will aid in your advocacy and ability to influence and promote meaningful policy.

Andrea LaFontaine

Special Advisor for SE Michigan

MI Department of Natural Resources - Executive Division

Summer Day Camp Panel & Round Table

Wednesday, February 7, 2018

Join this panel of experienced camp leaders as they share their knowledge and answer questions. The first half of this casual session will be a discussion on hot topics, followed by a question and answer segment and the opportunities for open dialogue from all attendees.

Jessica Baier

There's an App for That: Connecting to Nature Through Technology

Wednesday, February 7, 2018

Used wisely, smartphones and tablets can be powerful interpretive tools. From identifying birds and trees, mapping hikes and kayak trips, connecting to citizen science projects and much more, apps and other smartphone features can be used to investigate and connect with the natural world. During this session we'll explore different "naturalist-approved" apps (some of which are even free!) and how these resources can be incorporated into programs and other interpretive content.

Michelle Fournier

Interpretive Naturalist

Chippewa Nature Center

Three Types of Fun: Creating Advocates Through Lifestyle Brands

Wednesday, February 7, 2018

Isn't it great when people have amazing things to say about your programs or organization? And it's even better when they share these experiences with others for free. That's what brand advocacy is all about — encouraging and empowering people. Outdoor lifestyle brands can be powerful partners, as people are looking to support organizations that take a stand for social causes and create a positive impact in the world. Trust in government is low, and the nonprofit sector doesn't have sufficient fiscal resources. These factors foster a fertile environment for conscious companies to advocate for recreation and conservation and establish a reputation as social leaders. In return corporate changemakers benefit from consumer goodwill, new partnership opportunities and earned media. Not to mention the merits of using business as a force for good.

Jonathan Jarosz

Executive Director

Through the Camouflage- Connecting with Natural Areas Visitors

Wednesday, February 7, 2018

Natural areas can be expansive landscapes surrounding the traditional active recreation areas in parks. Often minimally managed and with limited access, it can literally be hard to 'see' visitors and users in natural areas. Presenters will discuss creative partnerships opportunities, volunteer strategies, and online resources that can be leveraged to improve your knowledge of users and increase community connections, ultimately improving stewardship of natural areas. These are tools parks managers can use to creatively solve problems and plan for future growth. Presenters will share opportunities and then facilitate discussion encouraging attendees to explore challenges and identify resources for improving stewardship in their parks.

Trends in Play Space Design

Wednesday, February 7, 2018

Parks today face the challenge of providing environments that will attract children and families to engage, play and stay, competing with indoor, more sedentary activities. In this session, we will examine playground trends that create kid magnets, facilitate multi-generational interaction and signature playgrounds that tell a community story. Discussions will also focus on the opportunities for stronger collaboration between playground designers and park planners.

John McConkey

Market Research and Insights Manager

Landscape Structures
Mike Fingerth
Regional Business Manager

City of Detroit

Avoiding the Parent Trap: Working with Difficult Parents

Thursday, February 8, 2018

Most parents are wonderful, but in every program there are a few who are some degree of difficult. From parents who demand special exceptions to parents who are wholly disengaged from their child's development, it is vital that we take a proactive approach. This enjoyable (and yes, funny!) workshop will discuss techniques to help you turn your most difficult parents into loyal promoters of your program!

Better Management Through Leadership

Thursday, February 8, 2018

How can we steer the ship, when we are too busy keeping it afloat? In a time where departments are instructed to "do more with less" and "find a way", leadership often takes a back-seat to daily management tasks. Leadership, however, can and should be found at all levels of the organization. Individuals need to understand what leaders do, and how to develop a leadership philosophy that will guide them as they strive to be effective leaders.

Jason Mangum

Director of Parks and Recreation

Missouri City, Texas

Brand Refresh and Management - How Did We Do It?

Thursday, February 8, 2018

Your brand is the personality behind your name that invokes an image in potential visitor's minds. It should support the mission, vision and goal of your organization. But what do you do when it's time for a refresh? Walk through our recent brand refresh project that included logo, website, print materials, staff training, and more. Learn about the revamped social media strategy created to support it.

Campus-Community Partnerships for Parks and Recreation Planning

Thursday, February 8, 2018

Partnerships with community agencies provide unique opportunities to collaborate on recreation within the community setting. This session will present a partnership between the City of Pontiac, the Healthy Pontiac, We Can! coalition, and Oakland University, in which students enrolled in a Community-Engaged Research Methods class collected data that contributed to development of a new Parks and Recreation Master Plan. We will discuss the role of the Healthy Pontiac, We Can! coalition and local partners in supporting parks and recreation in a limited-resource environment and outline strategies for successfully working with community and university partners.

Communicating Success

Thursday, February 8, 2018

Now more than ever, you will enter a work world with multiple bosses. How do you learn to communicate with them and share messages to your team? In the professional world, are you a driver, relater, innovator or analyzer? Take the quiz and gain these skills today to help you communicate success.

Kelly Molinar

Assistant to the City Manager

City of Troy

Community Driven Master Plans

Thursday, February 8, 2018

The long-term success of implementing a strategic plan or master plan is ultimately determined by the buy-in of the community and elected officials. A strong implementation plan is needed to continue momentum gained in public outreach. This session will set you up for a successful planning process using lessons learned from the 2017 Grand Rapids Parks and Recreation Strategic Master Plan. Topics include techniques for authentic community engagement in every stage in the process, managing the competing interests and expectations of committees and public officials, and framing plans to build towards a millage or funding initiative.

Barbara Heller

President

Heller and Heller Consulting, LLC

Karie Enriquez

Project Manager

Grand Rapids Parks and Recreation

Connecting Arts and Community

Thursday, February 8, 2018

This session will begin by sharing examples of communities throughout the United States that have leveraged artistic partners to create opportunities to engage and revitalize communities. Following, there will be a presentation with activities to create a plan to identify potential partners (existing

resident groups), examples of how partners could be engaged (ideas for weaving groups into community events), and what a qualified arts partner would need to co-produce a successful community engagement event with municipality staff and/or volunteers.

Control the Chaos

Thursday, February 8, 2018

In this fast paced industry, it is imperative that we spend a good amount of time focusing on the parts of our day we CAN control. The more proactive energy we put forth, the more prepared and strengthened we will be to navigate the daily madness. Presenters will review a top ten list of real life parks and recreation strategies, particularly for those that balance organizing programs, administrative tasks and supervising employees. Topics include: Communication, Processes, Organization, Resources and Balance. The more intentional we become about our day just may bring some control to the chaos.

Cool Tech Tools 2.0

Thursday, February 8, 2018

Tech keeps on tech-ing... are you keeping up? Come learn about a few new Cool Tech Tools to keep you organized, well connected and yes, even having some fun! We'll do some hands on demos so be sure to bring your mobile devices, laptops or tablets. Geek on friends!

Stephanie Stephens

Executive Director

California Park & Recreation Society

Creating a Strategy Focused Organization

Thursday, February 8, 2018

Employees appreciate working in an organization that has a well-defined direction and a path to get there. Strategy focused organizations are positioned to do well in anticipating changing community needs and industry trends, as well as having a more pro-active approach to service delivery. Fire-fighting and reacting to events as they arise is counter-productive to efficient and effective services. While many generally yawn at the topic of strategy, this highly interactive session will show how strategy can be effective as well as meaningful and fun.

Barbara Heller

President

Heller and Heller Consulting, LLC

Cuyahoga County Eastside Greenway Plan

Thursday, February 8, 2018

The Eastside Greenway Plan established a series of primary and secondary greenway corridors connecting 20 communities on the Eastside of Cuyahoga County through a unified network, linking neighborhoods to employment centers, schools, services (health, government, and libraries), food, retail, parks and open space. Led by the Cuyahoga County Planning Commission and supported by NOACA, this plan was developed through collaborative efforts that effectively engaged the municipalities as well as regional partners. The methodology for identifying and prioritizing the corridors was based on a "data driven, community led" process with an emphasis on GIS evaluation strategies and focused community engagement.

Email Marketing: Tips and Tricks to Keep You out of the Spam Folder

Thursday, February 8, 2018

Email marketing is the biggest ROI generator of all tools marketers employ. However, open rates have been on the decline as email providers are becoming savvier at blocking our messages.

Learn to take a strategic and calculated approach to emails in the following ways:

- Implement a "mobile first" design approach
- Learn the red flags email providers are looking for
- Discover the relationship between list quality and deliverability rates
- Compelling "Calls to Action" and engagement are paramount indicators to success

Encouraging Collaboration & Community Building to Support a Thriving Farmer's Market

Thursday, February 8, 2018

Oversaturation of farmers markets is a problem in many parts of our state. Too many markets can split the customer base, as well as the farmer base, making it difficult for farmers to generate the level of sales they need to continue in markets. Learn how markets can diversify their programming and offer new experiences for their community by working cooperatively with local organizations.

Improving Family Wellness Through Innovative Programming

Thursday, February 8, 2018

Parks and recreation programming has the great promise of improving family and community wellness. We have developed and tested creative parent-preschool child programming to improve the health of both. Through a unique partnership with Vanderbilt University Medical Center, Lansing Parks and Recreation has adapted and tested new family-based programming. We will discuss the key components for implementing evidence-based family programming.

Integrating the City Greenway

Thursday, February 8, 2018

Detroit is undertaking a historic change in mobility transforming and re-thinking the approach from focusing on cars to moving people. Detroit has done a great job moving from one of the least non-motorized connected cities to one of the best nationally soon overtaking the traditional leaders. Our group of local professionals, community and municipal leaders will share this transformative story sharing experiences, successes, challenges and where we are going from here. New and innovative tools and strategies that are being used to establish the future of transportation in Detroit will be discussed.

Legislative Process

Thursday, February 8, 2018

Dive into the mechanics and nuances of the legislative process. This session will take you through the Legislative Process of the state and local levels. It will give you tips on how to be an effective advocate.

Bob Wilson

Executive Director

Michigan Trails & Greenways Alliance

Leveraging Strengths: New Approach to Positive Leadership

Thursday, February 8, 2018

Staff evaluations oftentimes focus on staff members' weaknesses. We challenge a quieter staff member to speak publicly, or tell a scatterbrained activity area head that she needs to get more organized. However, a much more effective approach is to guide our staff members to leverage their strengths. This workshop will show you a different approach to staff development...one where the positive results for individual staffers and for your program are exponential!

MNRTF Round Table Discussion

Thursday, February 8, 2018

Join current Michigan Natura Resources Trust Fund (MNRTF) Board members and DNR Grants Management staff in a roundtable discussion about the Trust Fund. This is your opportunity to ask questions about the direction of the MNRTF and learn more about the decision making process.

MNRTF Board

Native Butterfly House at the ForMar Nature Preserve and Arboretum

Thursday, February 8, 2018

In 2014 The ForMar Nature Preserve and Arboretum initiated the development of a Native Butterfly House set within the Arboretum. This Butterfly House is now home to 7 Michigan native butterflies and is a main attraction for the facility.

In this presentation we will review the development of this new attraction from grant funding, volunteer efforts, planting and programming. We will also review the problems associated with this seasonal habitat and what efforts are being taken to sustain this unique habitat.

Oooopsies...My Bad!

Thursday, February 8, 2018

When you leave Conference, you'll be full of new program ideas, ways to motivate your staff and how to woo customers. But the path to executing these ideas successfully is sometimes bumpy – and this session shares stories from your peers (and my own personal “oops” moments) and the lessons you can learn. From personnel issues to overbearing parents, discuss common pitfalls, share your own lessons, and laugh a little along the way!

Parks & Recreation for Everyone: Transgender Inclusion

Thursday, February 8, 2018

Parks and recreation programs are essential community assets that should be open to everyone. Increasingly, communities across Michigan are faced with questions of how to make public facilities and programs accessible and welcoming to everyone, regardless of their gender identity. This session will familiarize participants with the basics of gender identity and best practices for creating environments that are inclusive of transgender individuals.

Recreation Plans – From the Basics to Joint Regional Plans

Thursday, February 8, 2018

A 5-Year Recreation Plan is not just an eligibility requirement for recreation grants, but also guidance on how to invest and maintain recreational assets to meet a communities needs into the future. This session will cover: the basic process and requirements for developing a plan to meet DNR requirements; lessons learned on completing a recreation plan; tools and techniques for public participation and helpful hints.

Tamara Jorkasky
Grant Coordinator
Michigan DNR

Refining Recreational Accessibility: Including Adults in Recreation

Thursday, February 8, 2018

Research assessing area-level recreational access based on socioeconomic position (SEP) could be improved by including information about area-level race/ethnic distribution and information about physical activity venues and spaces that promote adult use. For example, parks characteristics that promote adult leisure-time physical activity (LTPA) could include walking/biking trails, exercise equipment and other resources. Additionally, there is need for inclusion of multiple venues including recreational centers and greenways that provide opportunities for adult LTPA. This session will present research on SEP, and race and ethnicity to examine spatial variability in adult-friendly LTPA spaces and venues in Detroit.

Risk Management for Practitioners

Thursday, February 8, 2018

Risk Managers and Attorneys are often seen as "Enemies of Fun" to Parks and Recreation Professionals. Proper risk management, however, is an essential management skill, and when properly understood adds value to our Parks and Recreation operations. This session will focus on Risk Management for beginners: programmers, supervisors, and management. We will explore risk management issues common to parks and recreation, and explore key elements and strategies for developing a Departmental Risk Management Plan.

Small Community, No Professional, Now What?

Thursday, February 8, 2018

How can townships and small communities apply for recreation grants even though they can't afford to pay for a professional? What kind of support is available. Training opportunities for volunteers on local boards.

Patricia Johns

Vice Chair, Board

Barry County Parks & Recreation

Sorting Seasonals: How to Faciliate Group Interviews

Thursday, February 8, 2018

Are you short on time? Can't find enough employees? This session will showcase the benefits of hosting group interviews for seasonal staff verses the traditional one-on-one structure. Group interviews help bring out character traits that may be missed in traditional interviewing. Group settings could be the only opportunity to witness true personality before making hiring decisions. This will be an interactive session to help you better understand the process first hand. You will take away examples of questions, scenarios and a scoring system to start your own group interviews. "May the odds be ever in your favor...."

Where Have They All Gone?

Thursday, February 8, 2018

Where to begin recruiting seasonal staff and how to hold on to them! With a strong economy and low unemployment rates, there has never been a more critical time to retain quality staff. Not to mention, hiring good seasonal staff just doesn't happen either. A lot of planning goes in to employee recruitment and hiring. Attend this round-table conversation to hear the "best-of-the-best" strategies. Delegates will leave with examples of where to recruit, how to attract viable applicants and then some trade-secrets on how to retain them. Best practices will be compiled and shared with delegates.

Kelly Hyer
Recreation Superintendent
West Bloomfield Parks

You Have a Recreation Grant. Now What?

Thursday, February 8, 2018

Learn the process and requirements for implementing your Michigan Natural Resources Trust Fund, Land and Water Conservation Fund and Recreation Passport grants. Topics include project agreements, requirements for acquisition and development projects, reimbursement, post completion requirements and helpful hints to common pitfalls.

Your Local Chamber as a Resouce

Thursday, February 8, 2018

Learn how to interact with local business to provide educational and informational sessions and excursions for your senior population. West Bloomfield Parks has worked the past two and half years with the Senior Resource Group, an arm of the West Bloomfield Chamber of Commerce to provide monthly "Lunch and Learn" presentations. This group has also subsidized one local trip a month to a variety of local educational and entertaining sites. This is a win- win opportunity for both the department and the local businesses as it will add additional programming that will be inexpensive to the department and the participants, but also expose the participants to the services that are offered in the community.

Dennis Troshak
Recreation Programmer
West Bloomfield Parks

Vice President
Upstream Investment Partners

Your Personal Brand

You can't read the label of the jar you are in. Do you agree? What does the 'label' on YOUR jar say about you? Come spend some time talking about your personal brand and how to best market that to co-workers, future bosses and yes, even to your next partner, in this session. You'll leave with a new perspective - and perhaps a new label for your personal 'jar'.

Stephanie Stephens
Executive Director
California Park & Recreation Society

Health and Wellness Summit

Is your department doing everything it can to create a healthy community? When it comes to health and wellness is your department the cream of the crop or does it lack when rising to the top? In this session attendees will be able to network, share ideas, learn about new programs being offered and discuss issues. This session will be highly interactive. Attendees are required to share one idea or issue they have.

Kenneth Grybel II
Director of Recreation
Brighton Community Education
